Enformion Contact Tracing

Data + Tools + Services = Containment

Proven Solutions, Available For Immediate Use

As the nation recovers, a “new normal” will be required. The need to identify and isolate the persons who may have contacted the COVID-19 virus will be with us for months or years. Doing so will enable the economy to function until we have adequate therapies and vaccines.

Enformion has been a leading provider of skip tracing technology for over a decade, and we have adapted our technology to support current healthcare needs. The Enformion platform is an off-the-shelf Software-as-a-Service (SaaS) system that scales to any subscription size needed.
