CrimWatch

Enformion

Enformion's CrimWatch uses proprietary real-time data alerts to identify nationwide incarcerations.

Using proprietary real-time data alerts, CrimWatch identifies nationwide incarcerations, covering approximately 85% of real-time U.S. incarceration records from 2,800+ sources including 160+ million booking records with approximately 1 million records added monthly.

With Enformion's CrimWatch, add subjects to a watch list to receive real-time notifications via our platform, a text, or an email alert.
